Concisely summarize this month's activities.:

Residents from the communities of Round Lake Estate and Washington Heights in Oviedo met and generated ideas, recommended categories and prioritize projects ideas suitable for implementation. Six categories were identified: beautification, infrastructure, neighborhood, parks, people and public safety. Ideas were grouped in categories and subcategories. Projects were prioritized into "low hanging fruit", near term (2- 5 years), immediate term (6 - 9 years) and long term (10 or more).

It is expected that a community survey will be conducted after these activities are complete.
